

Total Small Project Spending, FY12-FY14: \$220,220

Lighting Projects

- B1146: LED Light Bulbs for EMC Lab
- B1190 Occupancy Sensors in Restrooms
 - B1194: Install occ sensors
- B1195 R127: Relocate light switch, Install vacancy sensors
 - B1195: Install occ sensors in hallways
 - B1198: Install occupancy sensors
- B1206 R108: Lighting control switches for high bay & offices
- B1215: Install occupancy sensor & lighting retrofit 3rd floor
- B1225: R214 Install occ sensor & north stairwell lighting retrofit
 - B1232: Install light switches in mezzanine
 - B1235: Install photo cell on entrance door light
- B1247D R106C: Separate lighting from emergency lighting
 - B1250 Clean Room: Install light switches
 - B1250: install occ sensors
- B1250: R110C 3-way switches; R110D move light switch; occ sensors
 - B1251A Basement: Install light switches
 - B1262 R101: Install light switches
 - B1293B, 1293C: Install light switches
 - B1293B: LED lights for high bay & TVC pump room
 - B1293B: TVC Data Collection Room Lights
 - B1297C & 1297E: Install programmable light switches
 - B1298: Install occ/vacancy sensor in R103, R121, R144

Building Envelope

- B1146: Caulk rollup door frame
- B1194A wx Stripping roof access 2nd floor
- B1201, 1212C, 1293A, 1293B, B1296, B1299F: Paint rollup doors
 - B1212: Install seal above rollup door
- B1220 R130B: Insulation improvements
- B1237A, 1238B: Paint rollup door w/reflective paint
 - B1268C: Paint roof white
- B1293B: Paint rollup door w/reflective paint

Other

- B1146: Secure data center air handler project
- B1195: Install new flow control att on rstrm snks
- B1209: Power monitoring for ghost loads
- B1230: Insulate steam/hot water pipes in basement
- B1268: Extend walls of R2081, R2087, R2091, R2086, & R2092
